JIRA SOFTWARE has been used as planning tool for the completion process of the project “Gas Leakage Monitoring and Alerting System”

The screenshot displays the Jira Software interface for a project named 'KARTHIKEYAN A'. The main view is the 'KA board', which is a Kanban board showing the workflow of the project. The board is organized into three columns: 'TO DO 1 ISSUE', 'IN PROGRESS 1 ISSUE', and 'DONE 2 ISSUES'. Each column contains a list of issues with their respective status icons and labels. The 'TO DO' column has one issue, 'Cloudant DB' (KA-8). The 'IN PROGRESS' column has one issue, 'IBM Cloud creating and adding a device' (KA-6). The 'DONE' column has two issues, 'Node red creating' (KA-7) and 'python code and testing' (KA-9). The interface includes a sidebar on the left with navigation options like 'Roadmap', 'Board', 'Code', 'Project pages', 'Add shortcut', and 'Project settings'. A 'Quickstart' button is visible in the bottom right corner.
