**Getting started**

**Configuring your app**

To connect service to your app:

1. Use the **Services** card to connect a service to your app. Select an existing service instance, or create a new one. [Learn more.](#)
2. If you want to view the code before your app is deployed, click **Download code** to obtain the .zip file.
3. Click **Deploy your app** in the **Deployment Automation** card to select the deployment target and configure the Continuous Delivery service. The deployment begins automatically.
4. After the deployment begins, you can view the status of the deployment, modify your app, view your repo, or view the app's URL.

## JOTHI KRISHNA T – 715519106018

The screenshot displays the IBM Cloud console for the application 'Node RED RWGZW 2022-11-08'. The interface is divided into several sections:

- Details:** Shows the App URL (<https://node-red-rwgzw-2022-11-08.eu-gb.mybluemix.net>), Source (<https://eu-gb.git.cloud.ibm.com/jothikrishna/NodeREDRWGZ...>), Resource group (Default), Deployment target (Node RED RWGZW 2022-11-08), and Created date (08/11/2022).
- Services:** Features the Cloudant service with links to 'Open dashboard', 'Documentation', and 'API reference'. It also includes a 'Credentials' dropdown and buttons for 'Connect existing services' and 'Create service'.
- Deployment Automation:** Lists two pipelines: 'pr-pipeline' (No stages detected) and 'ci-pipeline' (Success).
- Getting Started:** A sidebar on the right provides instructions for connecting services and deploying the app, including a 'Log out' button.

## KARTHIKEYAN A – 715519106020

The screenshot displays the IBM Cloud console for the application 'Node RED UTDJB 2022-11-05'. The interface is divided into several sections:

- Details:** Shows the App URL (<https://node-red-utdjb-2022-11-05.eu-gb.mybluemix.net>), Source (<https://eu-gb.git.cloud.ibm.com/karthikeyan31032001/NodeR...>), Resource group (Default), Deployment target (Node RED UTDJB 2022-11-05), and Created date (11/5/2022).
- Services:** Features the Cloudant service with links to 'Open dashboard', 'Documentation', and 'API reference'. It also includes a 'Credentials' dropdown and buttons for 'Connect existing services' and 'Create service'.
- Deployment Automation:** Lists two pipelines: 'pr-pipeline' (No stages detected) and 'ci-pipeline' (Success).
- Getting Started:** A sidebar on the right provides instructions for connecting services and deploying the app, including a 'Log out' button.
